

Coming of the storm

can you feel it
can you feel it in the air tonight
can you feel the coming of the storm
the start of the fight
of church against church
of left against right
of man against man
can it be right

the lightning crashes
the thunder roars
it's the coming of the storm
it's the start of change

can you see it
can you see it in the sky tonight
it's the start of the storm
the beginning of the fight
there used to be balance
between man and the land
a balance of life
how'd it get out of hand

the lightning crashes
the thunder roars
it's the coming of the storm
it's the start of change

can you hear it
can you hear it in the news tonight
it's the tide of hate
the constant fight
of brother and sister
living in fear
of each other

and the coming year

the lightning crashes
the thunder roars
it's the coming of the storm
it's the start of change

can you taste it
can you taste it in the water tonight
it's the poison we made
back to take our life
life's strength is difference
the many colors of life
embrace each other
and end the strife

the lightning crashes
the thunder roars
it's the coming of the storm
it's the start of change

can you smell it
can you smell it in the world tonight
it's the stink of fear
of the coming fight
will you be brave
and join the fight
or cower in fear
and hide in the night

is it nature or man
who will win the fight
it's the coming of the storm
and it's starting tonight
